

Activity: Defining Goals and Priorities

Read Small Business BC's webpage How to Write a Business Plan at <http://smallbusinessbc.ca/starting-a-business/how-write-a-business-plan> to help you get started. They've also developed a Business Plan Checklist available at <http://smallbusinessbc.ca/resource/howtos-checklists/business-plan-checklist/> outlining the core components from the same source that you may find helpful.

Reflect on your goals and priorities for the first quarter of your business. Think about how those goals and priorities will fit into your business plan. Record your observations here.
